* A fee may be imposed for expedited payments

** A fee may be imposed for expedited payments

› Personal Mobile Banking

Bank on the go with mBank's mobile banking app, text alerts or through your mobile web browser. The easy-to-use mBank mobile banking app is available for your Apple and Android device.

FROM THE APP, YOU CAN:

- View up-to-date information about your account balances and review recent account activity
- Transfer money between mBank accounts
- Take advantage of online bill pay services to pay current, future and recurring bills directly from your checking or savings account
- Find ATMs and locations near you, including branch hours and directions

If you're enrolled in mobile banking, you can elect to receive text alerts on your phone.*

› Personal Fingertip Banking

Call from any touchtone phone to access mBank's automated telephone banking system — free with all personal banking accounts. Use your phone to check:

- Current account balances
- 10 most recent deposits made
- Interest paid or received
- 10 most recent checks cleared
- Loan payment information

1. Dial 1.800.906.3628 from any touchtone phone
2. Enter your mBank account number followed by the # sign
3. Follow the instructions to enter your personal password number
4. Access your account information following the menus and prompts

BUSINESS BANKING ONLINE SERVICES

mBank offers online banking and bill pay, electronic statements and remote deposit capture to our business banking clients. It's fast, secure, convenient and free.

► E-Business Express Remote Deposit

Make check deposits to your business accounts from your desk using a scanner.

► Online Banking and Bill Pay

With online bill pay, you can easily schedule payment of current, future and recurring bills directly from your checking or savings account.

There is no limit to the number of payments you can make. You decide when to make your payment and from which account.
